RE; DOCKET #FAA - 2004-18596 - 470

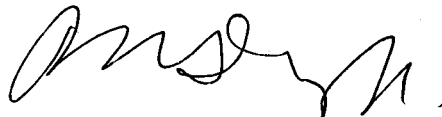

To whom it may concern:

As a member of NHOPA (National Home Oxygen Patients Association), but more importantly as a 24-hour-a-day user of oxygen required to aid my severely damaged lungs, I implore the FAA to adopt legislation permitting use of POCs (Portable Oxygen Concentrators) on board aircraft.

I am told that the POCs manufactured by the Airsep Corp. and also by Imogen are available and FDA approved.

Thank you for your consideration.

Sincerely,

Frederick W. Drury, Jr.
